THE CHARTERED INSTITUTE OF BUILDING

BOOST YOUR CAREER

...and have some fun along the way!

WHY JOIN NOVUS?

If you're wondering how to bridge that gap between your student/early career days and becoming a construction leader of the future, then your local CIOB Novus Group can provide the platform, networking opportunities and mentoring you need.

With groups operating worldwide, it's your chance to:

- Meet and learn from a whole range of construction professionals at all different stages of their careers
- Attend all kinds of workshops, site visits, CPD and networking events, specifically for Novus members
- Be guided by great mentors to Chartered Membership of the CIOB and beyond
- Have a voice within the industry through Novus representation on CIOB Boards and Hub Committees
- Form friendly ties with other young professionals who are developing their career in construction
- Share your experiences and passion for the industry with a younger audience in schools, universities and at careers fairs
- Be in an environment that embraces innovation, initiative and a greener future.

It is important that as a Novus Group Member you first become a member of the CIOB; with a route to membership suitable for everyone, this couldn't be easier.

What's more, it's completely free to full-time students, with discounted rates for part-time students too. Find the route for you by visiting www.ciob.org/grades

Contact us directly to find out how you can get involved.
